

Mercurial  
&  
Nautilus  
Integration

Part of my work as  
Summer of Code student  
(Mercurial)

**Motivation:**

third party developers  
of our platform

deserves to be first class  
“users”

Integration:

# Python API (Nautilus & Mercurial)

PyGTK

cross-plaftorm

native integration with  
Explorer

Nautilus

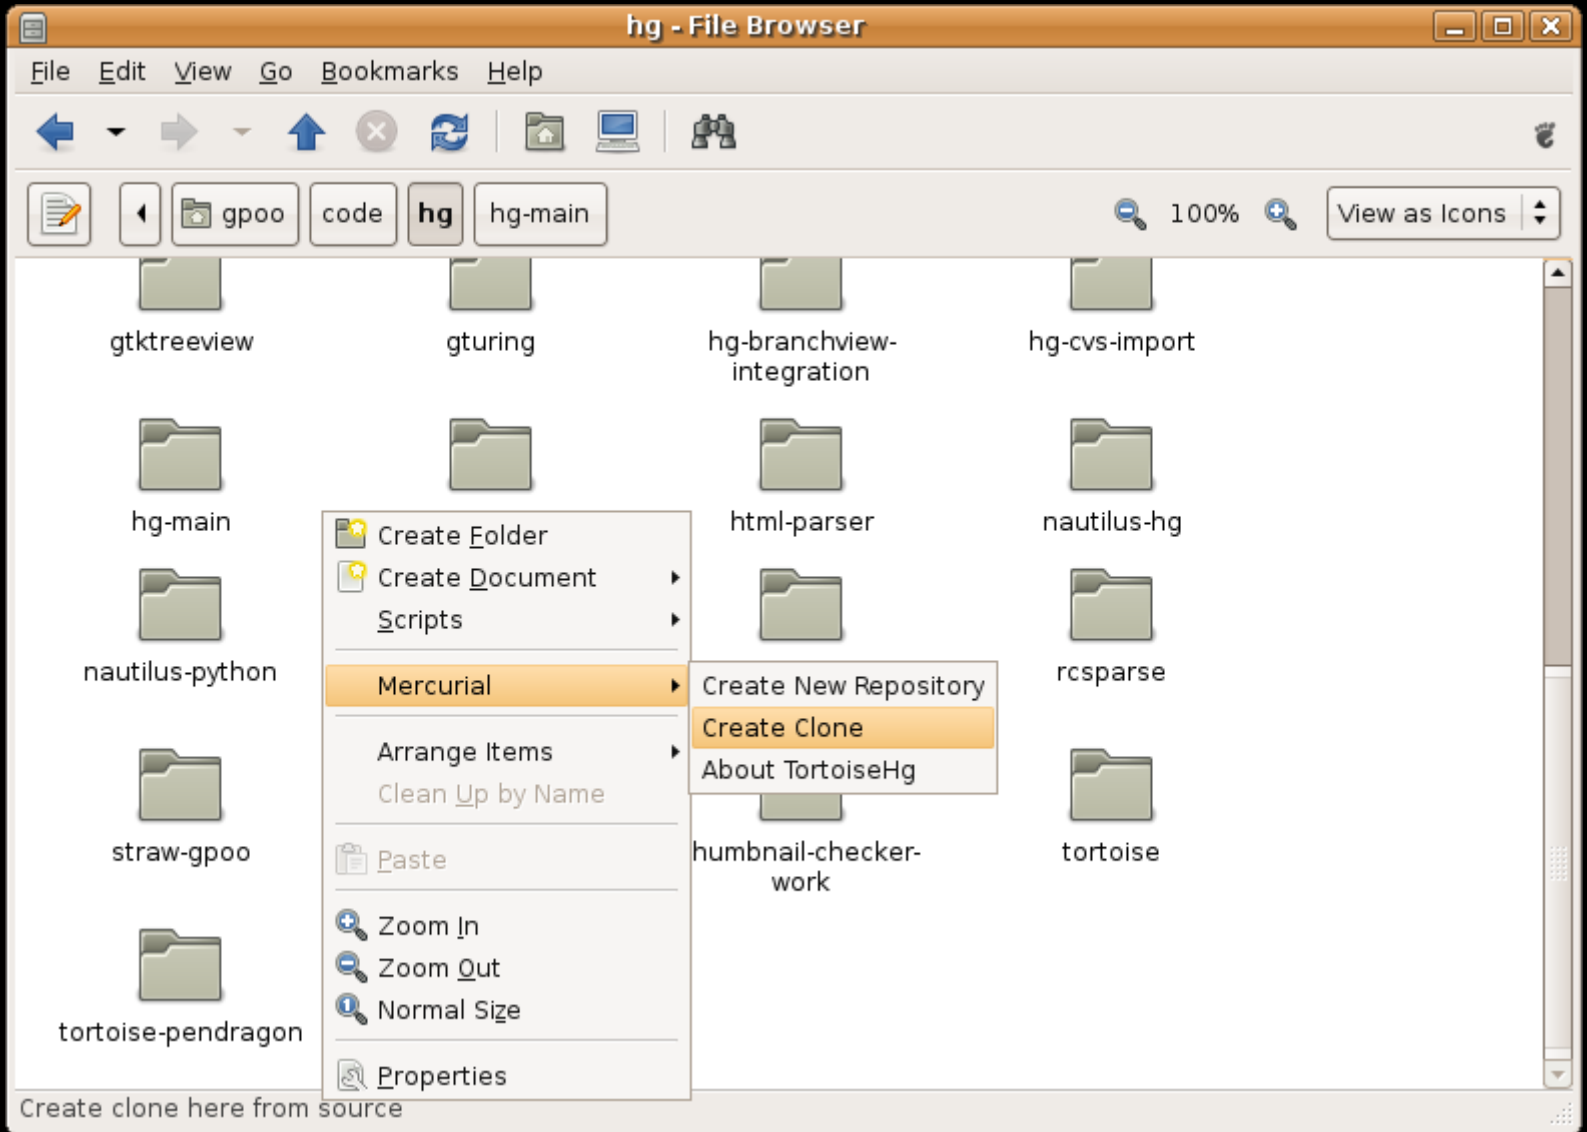

Nautilus

& shell

\$ *hgtk action*

also it *will* provide a  
standalone application

How it looks like:

hg clone - /home/gpoo/code/hg

Source Path: /home/gpoo/code/hg

Destination Path: foobar

Clone To Revision:   Clone all revisions

do not update the new working directory

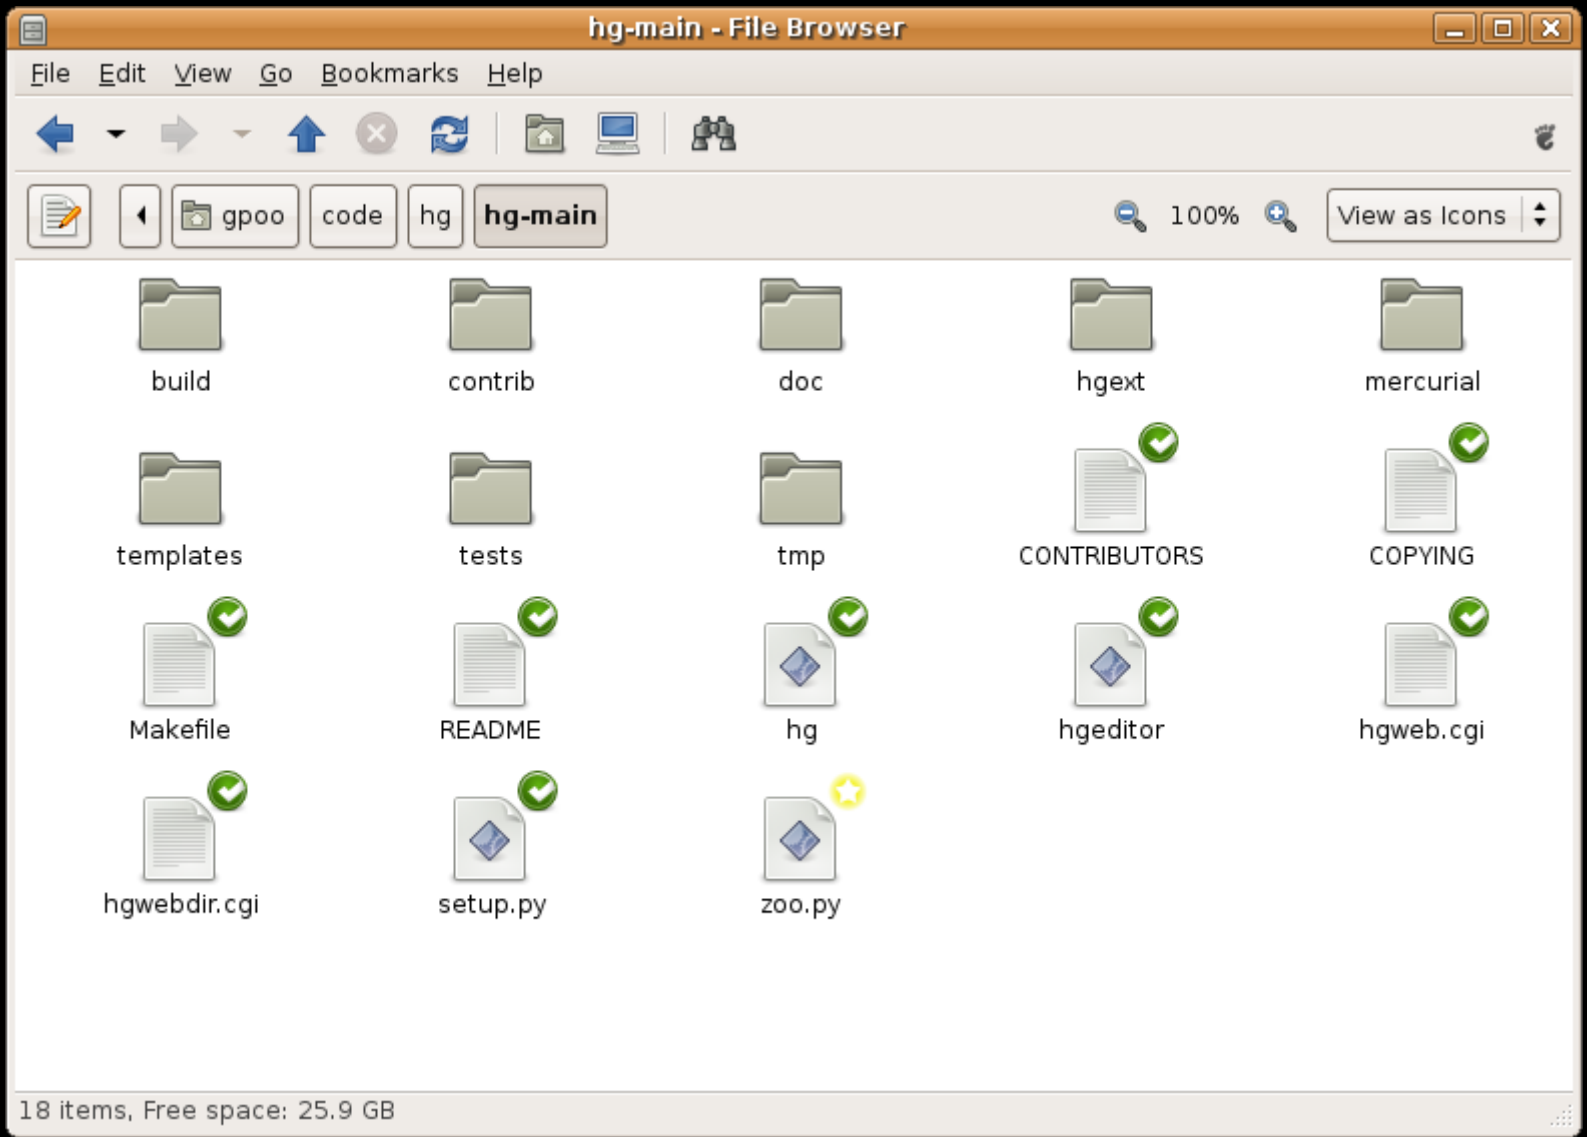

use pull protocol to copy metadata

use uncompressed transfer

use proxy server

Remote Cmd:

hg-main log

The window displays a commit graph on the left and a list of revisions on the right. Revision 6682 is highlighted in yellow. Below the list, a detailed view of revision 6682 is shown, including its parent and child revisions, the user's name and date, and the commit message. The commit message is: "Fix python2.3 incompatibility introduced by a2b13cac0922." The diff shows changes to the file mercurial/commands.py.

Graph	Rev	Tag	Summary	User
	6685		Merge with crew-stable	Patr
	6684		localrepo: remove useless sort() call	Patr
	6683		merge transplanted cset back from crew-stable	Dirk
	6682		Fix python2.3 incompatibility introduced by a2b13cac0922.	Tho
	6681		run-tests.py: Make tests run with python2.3 if HGTEST_* is s...	Tho
	6680		Ignore dummy copies in dirstate and localrepo.filecommit()	Patr
	6679		context: fix workingctx.fileflags() execute bit	Patr
	6678		sshserver: Don't try to close fp if mkstemp failed	Tho
	6677		Add a normalize() method to dirstate	Paul
	6676		Add a new function, fspath	Paul

Sharing the repository with a  
web server

The image shows a terminal window titled "hg serve - hg-main". The window has a standard macOS-style title bar with a green window control button on the left and red, yellow, and green buttons on the right. Below the title bar is a toolbar with icons for back, forward, home, and search, and a close button (X) on the right. The main content area shows the following text:
